Dear Congresswoman Kuster:

On behalf of the New Hampshire credit union community, please accept our sincere appreciation for your support of H.R. 1595, the *Secure and Fair Enforcement (SAFE) Banking Act*. As you know, the Cooperative Credit Union Association, Inc. is the state credit union trade association, serving approximately 14 federally and state-chartered credit unions that are cooperatively owned by 709,000 consumers as members. On average, one in 2 New Hampshire consumers are credit union members. Furthermore, the industry employs over 1,700 full and part-time employees. As not for profit cooperatives, over 180 volunteer directors further serve credit unions who deliver \$89.4 million in member benefits annually.<sup>1</sup>

H.R. 1595 recognizes the need to create protections for depository institutions that provide financial services to cannabis-related legitimate businesses and service providers for such businesses where such activity is legal. Credit unions receive requests for such services and have been sought out as a preferred local provider of banking services for such new and growing businesses. Our history illuminates the credit union mission to step in when others step out and serving the needs of marijuana-related businesses in our local communities is simply the latest in this chapter.

Your co-sponsorship and vote in favor of this historic bill recognizes the important role credit unions play in building financial security and community safety. New Hampshire credit unions are grateful that you support their commitment to offer high quality, affordable services to all of their members.

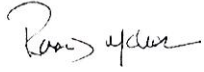

The credit union community of New Hampshire respectfully and sincerely thanks you for your support of H.R. 1595, and in supporting credit unions in our mission to serve small businesses and keep our communities safe. If you or your staff have any questions please contact me at [annie.kuster@house.gov](mailto:annie.kuster@house.gov).

<sup>1</sup> Credit union member benefits include higher yield on savings: \$25.1 million; lower fees: \$6.4 million; lower loan rates: \$57.9 million; and savings to nonmembers: \$34.9 million (by impact of credit union presence in the marketplace).

Congresswoman Kuster Thank-You
